

DEBATE ON TARIFF BEGINS IN SENATE

**Simmons Says Bill Is
Satisfactory to Down-
ward Revision Demand**

CRITICISED BY CUMMINS

**Progressive Republican Predicts
Act Will Carry Democratic
Party to Defeat**

"TREATS FARMER AS OUTLAW"

WASHINGTON, July 19.—Debate on the tariff in the senate began in earnest today with Chairman Simmons of the finance committee proclaiming the measure a satisfactory answer to the demand for downward revision and Senator Cummins, speaking from a Progressive-Republican standpoint, predicting that it would carry the Democratic party to defeat.

Senator Simmons replied to contentions that the bill discriminated against the farmer. Senator Cummins asserted that the Democratic party had treated the farmer as an outlaw and vigorously assailed President Wilson for his participation in framing the bill. That he characterized as abuse of power that had been "coercive."

List of Free Farm Products.
Senator Simmons recounted the farm products the measure would place on the free list, such as wheat, flour, cattle, sheep, swine, sugar, wool, eggs and potatoes and said:

"Every man whatever his occupation will be the beneficiary in some direction to a greater or less degree of this general system of reductions. In this respect the farmer has been shown special consideration. Practically everything he buys has been put on the free list or the duties have been greatly reduced. For his special benefit cotton-bagging and ties and the materials out of which sacks for grain, wool, fertilizer, etc., are made, wire for fencing and baling purposes and similar articles of farm consumption have been put on the free list."

He continued the list at some length and declared that the free list under the present Payne-Aldrich law was in the interest of the protected manufacturers.

Is in Interest of Both.
"The free list in this bill is a free list in the interest of the consumer as well as the manufacturer," he said.

Summarizing the bill the senator said "it seeks in such ways as are open to establish upon a broader basis that spirit of equity on which international good will rests, to remove hampering restrictions, to broaden the basis of international trade and enable the American producer to take advantage in greater measure than has been possible under existing tariff conditions of our great national opportunity in the market places of the world."

CONDITIONS OF YACHT RACE SIGNED AND FORWARDED

New York, July 19.—Announcement was made at the New York Yacht club tonight the conditions for the match for the America's cup have been signed and forwarded by the Royal Ulster Yacht club, acting for Sir Thomas Lipton.

The conditions are practically the same as those governing previous matches except that they are under the present racing rules and the rule of measurement.

The first race will be sailed Thursday, Sept. 10th, 1914, the second on Sept. 12th, and the third September 15th.

Further races, if any, are to be sailed on each following Thursday, Saturday and Tuesday.

JOHN MOSCOW CHARGED WITH TRAMPS MURDER

**POLISH LABORER ADMITS SHOOTING
MAN AT TILTON**

Claims Dead Man Attacked Him When Maxwell Entered Car and That He Feared Further Mistreatment.

DANVILLE, Ill., July 19.—John Moscow, aged 22, a Polish laborer, was arrested today at a railroad construction camp eight miles north of Danville, and was jailed on a charge of killing a man in a box car at Tilton, supposed to have been S. E. Maxwell a stranger.

Moscow readily admitted shooting Maxwell but declared it was after he had been assaulted by the latter and was in fear of further mistreatment. He stated that he had taken off his shoes, coat and hat and gone to sleep in the box car when Maxwell entered it and began an assault upon him. During the struggle Moscow said he was able to get his revolver out of his pocket and shot over his shoulder the first time, and as Maxwell again grappled with him, again shot the latter in the breast killing him. He then fled without hat, coat or shoes, stopping north of the city to take off his shirt with which he bound up his bleeding feet and then continuing to the camp.

UNUSUAL BASEBALL SITUATION PROMISES TO DEVELOP TODAY

**President Teaney Instructs Quincy
and Danville to Play Double Header—
Hofer Orders Quincy to Play
Only One Game.**

Danville, Ill., July 19.—An unusual baseball situation promises to confront Empire Sullivan here tomorrow afternoon, when the Quincy and Danville Three Eye teams finish the first game. Manager Boyle of the local club to day received a telegram from President Teaney stating that he had cancelled the game played May 12th on the Soldiers' Home Grounds here and giving instructions that a double header be played here tomorrow as a result.

Manager Nick Kahl has received a telegram from Owner Hofer of the Quincy club instructing him to play no double header. Therefore, unless further orders are received before the first game is finished tomorrow, the Danville team will line up for the second game and Kahl's men will decline to play.

It will then be up to Empire Sullivan to forfeit the second game to Danville.

MEMBERS OF GOOD FELLOWSHIP CLUB MEET TODAY IN PEORIA

**Banquet Will Be Served at "Ye Old
Tavern"—Fifty From Illinois and
Iowa Will Attend.**

Members of the Associated Press Good Fellowship Club, Illinois and Iowa branch, will gather at Peoria today for the first meeting since the organization of the club in Springfield last February.

Headquarters for arrival will be at the Chamber of Commerce and a special car has been provided to convey the members to "Ye Old Tavern." Upon arrival there at 11 o'clock a business meeting of the charter members of the organization will be held when a constitution and by-laws will be adopted and at 1 o'clock a banquet will be served at the Tavern, furnished by the Peoria Chamber of Commerce.

Fifty men are expected to attend and the following cities will be represented: Ottumwa, Waterloo, Cedar Rapids and Burlington, Iowa, Chicago, Quincy, Danville, Decatur, Springfield, Bloomington, Jacksonville and Peoria. Among those from this city who expect to attend are: W. H. DeShara, vice president of the club; W. A. Fay, Joseph Pine, E. J. German and W. J. Eads.

ANNOUNCES BALLOON RACE RESULTS.

New York, July 19.—The distances in the recent elimination race covered respectively by the three balloons whose pilots were chosen as the team to represent America in the international balloon race from Paris in October, were announced today by Major Samuel Reibel, official statistician of the Aero Club of America. R. A. Upson of Detroit in the Good-year, the statistician announces, covered a distance of 685 miles; John Watts of Kansas City in the Honeywell, 673 miles, and H. E. Honeywell of St. Louis in the Kansas City Post, 658 miles.

BRYAN GOES TO WINONA.

Washington, July 19.—Secretary Bryan left tonight for Winona, Ind., where tomorrow he will deliver the first of his proposed series of vacation lectures.

Mr. Bryan did not make public details of his itinerary. He expects to return to Washington next Friday to confer on the Mexican situation with Ambassador Henry Lane Wilson, now on his way from Mexico City, but will return earlier if the pressure of public business demands it.

DEAZ STARTS FOR JAPAN.

Mexico City, July 19.—General Felix Diaz left here today as special ambassador to Japan to express the thanks of Mexico to the Japanese for their participation in the centennial celebration in 1910. General Diaz will go first to Salina Cruz and then by Pacific Mail Steamer to San Francisco.

FUGITIVE FROM GREECE ARRESTED AT ABILENE

**PANAYOTIS GEORGIOPOLOS CHARGED
WITH MURDER OF TWO**

Apprehension Ends Chase That Lasted a Year—Has Been Followed From New York to California—Will Be Deported.

ABILENE, Kan., July 19.—Panayotis Georgiopolos of Greece was arrested here today by immigration officers from St. Louis, charged with the murder of a man and a child in Greece. The officers said the man's arrest ended a chase that has lasted a year. He will be deported.

Georgiopolos was arrested by John Bithos of St. Louis, a United States immigration officer and a brother-in-law of the man who was murdered. Bithos said the prisoner after his arrest offered him \$1,500 for his freedom.

The warrant charged the prisoner with killing the man for the love of a girl and later it was charged he killed a young boy who was a relative of the rival. The officers have followed Georgiopolos from New York to California. In August of last year he was arrested in Iowa and for eleven days was in jail at Cedar Rapids but was released on a technicality.

EASTERN RAILROADS AND TRAINMEN CONTINUE TRUCE

**Commissioner and Assistant, Con-
firmed By Senate, Expected to Be-
gin Work in New York Monday.**

New York, July 19.—The Eastern railroads and their dissatisfied conductors and trainmen to day continued the truce which for the past week has rested on congress' mediation and arbitration steps towards settling the threatened strike of 50,000 men. An anxiously awaited development was the confirmation of the truce by the senate of Judge William Lea Chalmers as commissioner of mediation under the Newlands arbitration law and G. W. W. Hanger to be assistant commissioner. They are expected here tomorrow or Monday for the beginning of their labors. The mediators will be confronted at the outset with a stubborn difference of opinion between the roads and the men as to debate questions. The organization leaders maintain that the only point of difference to be considered is the employees' demand for higher wages but the railroad managers contend that they have grievances which must be arbitrated.

CHAFFIN SAYS DRUNKENNESS IS DISEASE

**Standard Bearer of Prohibition Dis-
cusses Liquor Question From Sci-
entific and Pathologic Viewpoint.**

The liquor habit from the aspect of sanitary science and drunkenness as a pathologic condition was the theme of an address Saturday evening in Central park by Eugene W. Chaffin, twice presidential candidate of the Prohibition party and lifetime worker in the temperance cause.

In speaking of the effects of the use of liquor, Mr. Chaffin said that the drink evil was the cause of more deaths and greater misery than war. He spoke especially of the effects of drink on the young, giving statistics of the number of children suffering from diseases caused by alcoholic conditions in the parents. The white corpuscles of the blood he compared to soldiers who guard the body against the intrusion of disease germs. By paralyzing these guardians of the body's health, the small quantities of alcohol will increase susceptibility to disease to an enormous extent. Moderate beer drinking, Mr. Chaffin said, renders the subject much more liable to all germ disorders.

Mr. Chaffin in touching upon the political aspects of the question said that the government was missing its mission as a protector of life and property by allowing an institution to live which is deadly destructive to life. He seemed to think that local option legislation is ineffective and that the only hope is to combat the traffic through national parties.

WELCH GIVEN DECISION.

Vancouver, B. C., July 19.—"Young Philadelphia" O'Brien for the first time in his brief fighting career attempted the fifteen round route here today against Freddie Welch the light weight champion of the British Empire and though he failed to lower the colors of the Britisher he gave him a worthy argument. Welch was given the decision at the end of the fifteenth round.

MAJ. WOOD TO GO TO GERMANY.

Washington, July 19.—Major General Leonard Wood, chief of the staff of the army, making a transcontinental trip with Secretary Garrison to inspect army posts will leave tonight for Europe, whereupon invitation of the German government he will attend the maneuvers of the German army.

WHITE SOX BUY ALLEN.

Minneapolis, Minn., July 19.—Nick Allen, a catcher, who last season was a member of the Minneapolis American association team but so far this season with the Northern League has been sold to the Chicago American League club and will join the White Sox at once.

OUTLINES POLICY TOWARD NICARAGUA

**Bryan's New Plan Involves
Virtual Control of Affairs
of That Republic**

COMES AS SURPRISE

**Proposes Protectorate Similar
to That Now Exercised by
United States Over Cuba**

IS NEW FEATURE OF TREATY

WASHINGTON, July 19.—A new policy toward Nicaragua involving the virtual control of the affairs of that Republic by the United States through a protectorate similar to that now exercised over Cuba was outlined today by Secretary Bryan at a private conference with members of the senate foreign relations committee.

Mr. Bryan's proposal coming as a complete surprise to most of the members of the committee has been taken by many senators as the first pronouncement of a general policy on the part of the administration to extend American control over the countries surrounding the Panama canal and to assure the stability of central American republics and the domination by the United States of their relations with other great powers.

Presents Revised Draft of Treaty.
Secretary Bryan went before the committee with a revised draft of the proposed Nicaraguan treaty, negotiate to day by the senate of Judge William Lea Chalmers as commissioner of mediation under the Newlands arbitration law and a new base in exchange for a \$3,000,000 gold payment.

As a new feature of the treaty, however, the secretary of state proposed that language similar if not identical with the so-called Platt amendment relating to Cuba be inserted in the treaty giving the United States sweeping control of Nicaraguan affairs and the power to regulate her foreign relations and her finance. Under the proposed plan Nicaragua would agree in substance:

Conditions of Plan.
That war should not be declared without the consent of the United States.

That no treaties would be made with foreign governments that would tend to destroy her independence or that would give those governments a foothold in the republic.

That no public debt would be contracted beyond the ordinary resources of the government as indicated by the ordinary revenues.

That the United States should have the right to intervene at any time to preserve Nicaraguan independence or to protect life or property.

That the United States should have the exclusive right to build a canal across Nicaragua and should have a ninety-nine year lease to a naval base in the Bay of Fonseca and to the great corn and little corn islands in the Caribbean with the privilege of renewing the lease. The United States in return would pay Nicaragua \$3,000,000 to be used in public works and education.

Nicaragua Wants Treaty.
It is understood the Nicaraguan government is willing to enter into the proposed treaty because of the stability it would give to the present government and to the proposed reorganization of the fiscal affairs of the republic. It is understood a refunding of the Nicaraguan debt for which about \$15,000,000 is required does not form a specific part of the negotiations laid today before the senate committee.

The Nicaraguan government is anxious for the consummation of the treaty. It is understood, in the hope that plans can then be made for the refunding of its debt and the reorganization of its fiscal system through the United States or in some other manner.

The conference between Secretary Bryan and the committee will be resumed next Saturday.

CHARGES WIFE WITH BIGAMY.

Galesburg, Ill., July 19.—C. J. Mehary of Galesburg discovered today that his wife had another husband living here. He procured warrants for the arrest of his wife and for husband, No. 2, charging bigamy. Because of the illness of Mrs. Mehary-Smith the case, called for trial today was continued until Wednesday.

OFFICER HAS YELLOW FEVER.

Havana, July 19.—Captain Smalls of the British Steamer Hydra, from Brazilian ports by way of Guantanamo who has been under observation in the hospital at Havana for several days was declared today to be suffering from yellow fever. The disease is said to be of a mild type. Two of the crew died during the voyage supposedly from yellow fever.

FIRE CAUSES HEAVY LOSS.

Indianapolis, Ind., July 19.—Fire which threatened an entire block caused a loss estimated at \$500,000 in the wholesale district here tonight. The cause of the fire is not known.

FIVE INJURED WHEN CARS COLLIDE HEAD-ON

**TWO INTERURBANS TELESCOPED
NEAR GALESBURG**

Switch Left Open by Mistake Causes Wreck—Motorman Escapes Death by Jumping—List of Injured.

GALESBURG, Ill., July 19.—Five persons were injured and a score of others badly frightened today when two Rock Island Southern interurban street cars met in a head-on collision between Galesburg and Monmouth. The motorman escaped death by jumping. The cars were telescoped. A switch left open by mistake caused the wreck. Injured:

Ed Miller, Monmouth, motorman, right hand cut by flying glass.
H. P. Parkins, East Galesburg, back sprained, internal injuries.
Albert Riley, Cameron, cut on forehead leg crushed.
Anton Swanson, Galesburg, leg hurt.
Albert Carter, Galesburg, injured on legs and internally.

NEWS FORECAST FOR THE COMING WEEK.

Washington, July 19.—With the exception of the proceeding in congress, the week promises little of interest or importance in the field of politics and public affairs.

Some interest attaches to the special election to be held Tuesday in the Sixth New Jersey congressional district to fill the vacancy caused by the death of Representative Lewis J. Martin. The Republican, Democratic, Progressive and Prohibitionist parties have named candidates.

A state election will be held in Arkansas Wednesday to select a governor to succeed Governor Joseph T. Robinson, who resigned to accept election to the United States senate.

The Democrats, Republicans and Progressives have named candidates. The election of the Democratic candidate, Judge George W. Hays, is generally conceded.

Pursuant to the call of Governor "Corky" the Texas legislature will convene in special session Monday to consider and act upon various matters left over at the adjournment of the regular session. A proposition for biennial appropriations for the maintenance of the state government, an amendment to the law governing the operations of the state penitentiary system, and a law providing for the putting into effect of the constitutional amendment for the direct election of United States senators are among the subjects to receive attention.

His eminence James Cardinal Gibbons of Baltimore will enter upon his 80th year Wednesday. The birthday anniversary will be of interest not only to the people of Baltimore, but to those of the whole United States, in which he is the primate of the Roman Catholic church.

Atlantic City will be a gathering place next week for many prominent labor leaders. Meetings will be held by the executive council of the American Federation of Labor and the heads of several departments of the federation. There will be many questions to consider, not the least of which are the statements that have been made recently concerning the alleged activity of the labor organizations in lobbying at Washington.

Other meetings of the week will include the annual convention of the United States League of Building and Loan associations, at Milwaukee; the annual meeting of the Southern branch of the National Dental association, at Old Point Comfort, and the first international convention of Gideons, or Christian commercial traveling men, which will be held at Toronto.

Many events of interest to devotees of sport and athletics are scheduled for the week. Foremost on the list are the tennis matches for the David Cup, to take place at Wimbledon, England. The northwestern international rowing regatta will be held at St. Paul, the annual meet of the Federation of American Motor Cyclists at Denver, the western amateur golf championship at Chicago, the national clay court tennis championships at Omaha, the inter-lake races at Put-in-Bay, and the Grand Circuit race meeting at Fort Erie.

SALE AT MURRAYVILLE.

Jesse Edwards of Murrayville held a sale Saturday of ponies. One mare and colt was purchased by William White for \$67.50; one pony by Dr. J. H. Spencer for \$37.50 and a pony to Everett Pennell for \$35.00. The auctioneer was C. J. Wright. Mr. Wright also sold a lot belonging to Charles Blakeman to the highest bidder, George Jones for \$190.

THE TEMPERATURES.

The temperatures for Saturday according to G. H. Hall, weather observer at Alexander were maximum 88 and minimum 66. A rainfall of .21 inches was observed.

HERE FOR WEDDING.

Mr. and Mrs. Oliver Capps are here from Joliet to spend two weeks with Mr. and Mrs. C. C. Capps and be present at the marriage of Miss Martha Capps and Dr. Walter Frank next Thursday. Dr. Frank arrived from St. Louis Saturday.

CUBA ACCEPTS PLAN.

Washington, July 19.—Cuba became the 23rd nation to accept in principle Secretary Bryan's peace plan.

IDENTIFY GIRL'S BODY FOUND TIED TO FENCE

**DECEASED WAS MISS MARTHA WIN-
TERS OF AUDUBON, IA.**

Mystery of Woman's Death Not Lifted—Coroner's Jury Refuses to Call it Suicide—Brother to Claim Remains.

CHICAGO, July 19.—The young woman found hanging to a fence post near the county highway leading to Tinsley Park, Ill., was identified today as Miss Martha Winters, 25 years old, a daughter of Christopher Winters, a farmer living near Audubon, Iowa. The mystery of Miss Winters' death, however, was not lifted, a coroner's jury refusing to call it suicide. Miss Winters had been working in Chicago as a seamstress and had been living with Mrs. Margaret Ramsey in a downtown boarding house neighborhood. Witnesses told that Miss Winters apparently had been subjected to delusions and believed that she was menaced by the "blackhand."

Miss Winters was found yesterday tied by the neck to a fence post with a strip of cloth torn from her own dress. Her feet were touching the ground and her watch, purse and money were untouched. Physicians testified that she died from strangulation. The investigation will be continued.

Miss Lena Olson, proprietor of a boarding house in which the dead girl had lived, also identified her and said she was known to her as Miss Martha Winters.

"Martha Winters" was written on a number of cards found in the girl's pocket book.

A telegram was received today from Christ Winters, Audubon, Ia., a brother of the dead girl saying that he would come to claim the body. Miss Olson tonight said that Miss Winters was intelligent and cultivated but could not speak English well. She came from Copenhagen, Denmark, according to Miss Olson and said that she had a brother named Christ Winters in Iowa.

Detectives are endeavoring to trace the girl's movements since last Tuesday when she left her boarding place. The theory of suicide is not satisfactory to the police.

JAPANESE FEEL DEEPLY DISAPPOINTED WITH REPLY

**American Note Does Not Accept
Any of Contentions That Anti-
Alien Land Bill Violates Treaty.**

Tokio, July 19.—Deep disappointment is felt in Japan in connection with the American reply to the last two Japanese notes on the subject of the California alien land ownership legislation which does not accept any of the Japanese contentions that the bill violates the Japanese-American treaty and does not offer any suggestion for the solution of the difficulty.

The situation here has reached a deadlock. Japan has not yet decided on her next step but is so desirous of maintaining friendly relations that is not believed she will adopt retaliatory measures.

CANNON AND TEACHER WIN

Kansas City, Mo., July 19.—Jack Cannon and Dix Teachener won the doubles championship in the Missouri valley tennis tournament by defeating Howard Robertson and Hubert Allen in straight sets 5-1, 6-4, 6-2 on the courts of the Ivanhoe Tennis club here this afternoon. All four players are Kansas City men.

Rowland Hoer of St. Louis won the Missouri valley tennis championship in singles here today, defeating Jack Cannon of Kansas City 3-6, 6-4, 9-7, 6-1.

FATHER AND SON DROWN.

Chicago, July 19.—Frank Zimmer and his two year old son were drowned in Lake Michigan to day at the Moody Institute air camp near Glenview, Ill. The child was on a sand bar and got into deep water. Zimmer became exhausted swimming and diving trying to rescue the boy and sank. Both bodies were recovered.

BLIND FIFTY YEARS.

Chicago, July 19.—Mrs. Mary Welsh of Hillsdale, Mich., saw her eight children for the first time today. She had been blind for fifty years. Surgeons removed a double cataract from her eyes. Mrs. Welsh was stricken blind when 16 years old. To make her burden doubly hard she was forced to do laundry work to support her children and husband, who had become an invalid.

WOMAN RECOVERS SIGHT.

Chicago, July 19.—Mrs. Mary Welsh of Hillsdale, Mich., saw her eight children for the first time today. She had been blind for fifty years. Surgeons removed a double cataract from her eyes. Mrs. Welsh was stricken blind when 16 years old. To make her burden doubly hard she was forced to do laundry work to support her children and husband, who had become an invalid.

RETURN FROM WISCONSIN.

John Capps, who with other Jacksonville boys has been working for a canning company at Randolph, Wisconsin has returned home. Victor Farris another of the Jacksonville boys has also returned. On account of the dry weather the pea crop was very short this season and the work therefore did not extend as late into the summer as usual.

"JIGGS" DONAHUE DEAD.

Columbus, O., July 19.—"Jiggs" Donahue, star first baseman for the Chicago White Sox in 1908 when they defeated the Chicago Cubs in a world's series died today at the Columbus state hospital. The direct cause of his death was paresis.

POLICE RESTORE ORDER IN SEATTLE

**Officers Confident There
Will Be No Serious Re-
newal of Disorders**

SAILORS GO A SHORE

**Accompanied by Large Patrol-
Industrial Workers Saved
Valuable Records**

DANIELS MAKES STATEMENT

SEATTLE, Wash., July 19.—Quiet had been restored tonight in the streets through which sailors and marines of the Pacific reserve fleet swept last night wrecking the headquarters of Industrial Workers of the World and radical Socialists and the police were confident that there would be no serious renewal of the disorders. A number of men from the fleet were ashore and with money, for they had been permitted to draw pay today; but with the sailors also came ashore a large patrol, under command of one of the captains of the fleet, prepared to round up the men the moment any disorder was reported. A large number of extra police had been sworn in and another factor for quiet was the fact that there were no places to sack.

Industrial Workers of the world said tonight that they had received warning yesterday of a plot to wreck their establishments and that all their valuable records had been taken away and the men warned to keep out of the way of the mob when it appeared.

There was much patronage of the saloons during the afternoon and night and the police looked on this as the feature of danger.

Effort to Prevent Publication.

Public interest after the debits of the Socialist and Industrial Workers' wreckage had been swept away centered in the unsuccessful effort on Mayor Cotterill to prevent the publication of the Seattle Times today and tomorrow the mayor alleging that incendiary articles in the Times were responsible for last night's rioting. Judge Humphries came to the rescue of the Times with an injunction and the city edition of the paper came out on time at 3 o'clock when the police guard which had been put over the railing room was withdrawn. Restraining orders were then issued in favor of saloon-keepers and before night the saloons were doing business as usual. The following message was received late today by the Associated Press from Secretary of the Navy Daniels:

Daniels Explains Statement.

"National Park Inn, Mount Ranier, Washington, July 19th, 1913: "The reference I made to the flag meant dancer was the same as originally made by me at a banquet of the railroad men's Young Men's Christian Association at Washington, D. C., a few days ago. It had no reference whatever to local conditions in Seattle.

"I believe in free speech and a press as the bulwarks of our liberty. Every evil that exists or that threatens our country can be righted by appeal to the judgment of the American people. The weapon is the ballot. The man who resorts to violence, to redress evil is bringing more evil into existence than he can hope to cure by violence.

"Obedience to lawful authority and respect for the flag must precede any reforms. The man who takes the law into his own hands imperils American institutions and jeopardizes the hope of securing real relief from conditions against which he complains.

(Signed.) "Josephus Daniels."

DR. CLAMPIT NO LONGER THIRD WARD CITIZEN

HAS RESIGNED FROM MEMBERSHIP IN BOARD OF EDUCATION AFTER LONG SERVICE.

Waives Rights of Citizenship in Order to Clear up Difficulties Which Now Confront the Board—Explains Large Eighth Grade Building Has Been Planned—Less Expensive Structure May Now Be Advisable.

After considering the matter for a number of days and debating the question from all angles, Dr. L. H. Clampit has decided to waive his rights as a citizen of the third ward and as a member of the board of education. The fact that various complications have arisen because of the position in which the board finds itself and because there are various important matters which await the action of the board led Dr. Clampit to this decision and he accordingly has sent a formal letter notifying the board of his decision in the matter.

In an interview on Saturday with reference to his action Dr. Clampit said that because of the important matters which need a speedy action of the board and because of the time and expense which would be involved in further proceedings to prove that he is still legally a member of the board he had been influenced to his final decision.

Fourteen Years Board Member.

Dr. Clampit was a member of the board at the time the high school was built and his whole term of service on the board has been covered by his long experience in the board affairs have given his opinions weight and there is no question but that he has devoted his time unreservedly to the duties of his position. In the interview Saturday Dr. Clampit talked not only about his decision in the present case but also reviewed the history of the erection of the high school building. In answer to questions also Dr. Clampit said that possibly in view of all the circumstances that it might be wise for the board of education to proceed with the erection of a seventh and eighth grade building, omitting the gymnasium and race track features which add so greatly to the cost of the building, and possibly the assembly hall features with the purpose in mind of later adding to this building or erecting another one on the same lot. Such a seventh and eighth grade building he said could be placed well toward the west side of the lot at a cost of \$70,000, and so planned that an addition thereto would not mar its architectural symmetry.

High School Building Opposed.
"I was on the board of education at the time the plans were made and executed for the present high school building," Dr. Clampit said. "The board at that time had the same experience that they are now having, except that the indignation was so great because the board thought it necessary to build a \$50,000 high school building that the people requested a committee appointed to select the best plans and the ones which could be followed out at the least cost. The board granted of such request for the appointment of this committee and the members of this committee joined with the board in examining plans and gave their approval to the ones finally adopted. Nevertheless an injunction suit was brought and before the building was completed it cost \$80,000."

"In advocating the high school building the board sought to relieve the crowded conditions at that time and also to meet demands of the future. The board, which comprised George W. Smith, Dr. H. M. Hamill, A. M. Upham and myself, had studied the conditions with care and realizing the need for more room that we were preparing for and yet the sentiment was so strong against the additional requirements that three members of the board were not re-elected."

Conditions More Complicated Now.

"The same situation confronts us today except that the conditions are more complicated. The present high school building is entirely inadequate to properly care for the pupils. Recitations are held in the halls in some cases in order that regular work may not be interfered with. Every department is crowded. So it became necessary for the board to comply with the law which says, that school boards or trustees must make provision to properly carry on the school work under conditions comfortable to the pupils. Conditions have been such that they have required a thorough study of the subject in order to plan not only to meet present demands but also to take something of a look into the future. As a result of this study the board began three years ago its plans and outlines for the new seventh and eighth grade building and even before we have started this building there comes the new law granting outside pupils the privilege of attending the high school and making the payment of their tuition obligatory upon the district from which they come. This law itself is certain to make large additional demands upon our high school and to increase the need for the seventh and eighth grade building. To one who has given the subject any thought it seems very certain that this law will bring into the Jacksonville High school a large number of pupils and the tuition which they must pay can be made to help along in large measure in paying the salaries of the high school faculty. The coming of such pupils too will be an advantage to the city in a business way as they can not attend school here without becoming patrons of our business houses. Without increased facilities we can-

not take care of such additional pupils.

Building Plans Grew.
"It is true that our thoughts and plans at first only concerned an eighth grade building proper. Then the sentiment for a gymnasium grew, a department which could also be used for any large public gathering in connection with the school. Then also there came the question of combining the seventh and eighth grades with the high school, making a six year course. This change will undoubtedly come in the course of time for the trend of public school education is that way and this plan is now followed in a large number of the better high schools of the state. If this idea were carried out the board could not only relieve the high school and eighth grades from crowded conditions, but also every main ward building. Taking the seventh grades away from the ward buildings would give one additional room in each of these buildings and in several of these buildings such additional space is already needed as the grades are crowded beyond the condition which is desirable. No teacher should have more than thirty pupils if she is to do full justice in her worth with the children."

An Eye For the Future.
"The attendance in our schools is on the increase and there is spirited rivalry between the wards in the matter of attendance and punctuality. This desirable situation is largely due I think to the personal interest of the parent-teachers association."

"So for these reasons great care was taken in getting up a set of plans that would come as near as possible to foreseen toward meeting the demands of the next twenty-five years, provided the cost was not out of reason. The gymnasium idea was included, a department which could be utilized for that purpose at present but no doubt its ultimate use would be for vocational work. Anyone who makes a study of school conditions and needs I believe will arrive at the conclusion that vocational training is the biggest recent movement in public education and is certain within a few years to have a large place in our school system. The manual training department and other industrial work is far-reaching and its development is just as sure to come as the day of judgment."

Could Build Gymnasium Later.
"I am in favor of having a gymnasium in connection with our school system and realize what a desirable feature it would be in view of all the circumstances which have come up I think that probably it would be better now to omit the gymnasium and erect simply an eighth grade building. Some plan at any rate should be devised whereby the board can go ahead and utilize the money on hand and arrange for the levy which must soon be passed."

"Preparation for the developments in education I have referred to all under one roof will be much cheaper to the tax payer in the end than to put up one building now and then in five or ten years put up another. The board was of the opinion that it was a great deal easier for a larger per cent of the tax payers to meet the expense for a new building by levying a moderate sum each year and thus accumulating a fund, than it would be to raise the sum in one or two heavier assessments, as the board had a perfect right to do. Under the law the board can levy one and one-half per cent for building purposes or it would have been possible to arrange for the issuance of bonds for the full amount but one can easily figure that in the long run a bond issue is a more expensive way of building than the plan of raising revenue that we have followed. It is a fact, too, but little recognized that under the Jacksonville charter there is no provision to submit the question of bonds for a public school building to the people and that the board itself has a right to decide the question."

Cannot Please All People.
"No matter what action a school board may take it cannot please all the people and there is always someone with a different opinion. It has always been my purpose to give the schools as much study and attention as my time would permit and to use my unbiased opinion and judgment for the best interests of the schools regardless of individual friends, or relatives."

"No doubt I have made many enemies in my decisions and in acting in accordance with what I considered was for the best interests of the schools. I feel that I have been repaid for my course in the knowledge that I have been conscientious in my work and decisions."

"I exceedingly regret that many complications have recently come up that have made it seem imperative for me to either surrender my rights as a member of the school board or to carry the case through the courts with additional costs for an injunction suit."

"The honor without pay is very costly in many ways, but when an incumbent must resort to the courts and pay costs to hold a thankless position then it would seem to be time to surrender."

Waives Rights As Third Warder.
"I have no criticism to offer and to relieve the entanglement of the situation and to enable the board to proceed without legal controversy, in the very essential and important work that is now before them I have, after the most careful consideration, although reluctantly decided to waive my rights as a citizen of the third ward and as a member of the board of education."

"In making this decision I have every reason to believe it will perhaps be to the best interests of the schools and I trust that the city council in appointing my successor will first and last look to the welfare of our public schools rather than take action from some political influence."

Frank Ludwig of Franklin was among the business callers in the city yesterday.

Keep the Teeth Clean

The regular use of the tooth brush is necessary not only to the acid incrustations that eat holes in the teeth but also to sweep away the germs of diseases. Cleansing the teeth means that these dangerous germs disappear instead of being washed down the throat. Consumption, diphtheria, catarrh, tonsillitis and even appendicitis have been traced to carelessness with the teeth.

We have a very special tooth brush bargain, a 25c brush, 15c. Keep your teeth clean.

THE PROPOSED SCHOOL BUILDING.

As announced elsewhere in this paper, Dr. L. H. Clamptit has resigned from the board of education and this action will serve in some measure to relieve the complicated situation which confronts the board. Dr. Clamptit has served on the board for fourteen years and it is generally acknowledged that he has taken his position seriously and has devoted a great deal of time and attention to the study of school affairs. He is well informed in matters of public education and has never hesitated to make his position clear in every matter which has come before the school board. Dr. Clamptit has favored the erection of an eighth grade building so, what larger than present needs demand because he has said he believes it cheaper to build for the future than to prepare only for present needs.

Notwithstanding this position Dr. Clamptit in an interview yesterday stated that it might be advisable now in view of all the circumstances to build an eighth grade school building, without a gymnasium and some other features, say at a cost of \$70,000. The retiring member readily and freely admits that the board's ideas have grown since the beginning of the movement for the new building and he is willing to concede that if public sentiment favors a somewhat plainer and less commodious building now, that no special harm can come from erecting such a structure.

In this view the Journal believes that the majority of the people will commend Dr. Clamptit. He has fought openly for the larger type of building and believes yet that such a building will be the more economical in the long run but he knows that some speedy action should be taken toward the erection of a building with the funds available at present to be levied and if to accomplish this it is necessary to curtail the building plans he is ready to adjust his ideas to the changed conditions.

The board of education will make no mistake if the members can agree soon to proceed with the erection of a building which will house the eighth grade pupils comfortably and provide added room and facilities for the high school. It will be possible to erect such a building with the funds now on hand and with the addition of another levy of \$20,000. This building could be so located on the lot that later an addition could be built if desired without at all spoiling the architectural beauty of the structure.

It would not be wise to proceed with the erection of a part of the building which has been planned. It would be wholly impracticable to levy a tax of \$60,000 to \$70,000 all at one time to complete the structure. It would never do to wait a few years until the building fund had grown to larger proportions. So the reasonable and sane course seems to be to increase the fund to \$74,000 by an immediate levy, to let the contract as soon as plans can be revised and to proceed with the erection of a substantial eighth grade building, devoid of special features.

The board is now confronted with the selection of a new superintendent of schools. There are to be several other changes in the teaching force. The building plans must be decided upon and there are other matters of importance which are crowding upon the board of education for settlement. There are good reasons therefore why the council should choose wisely in selecting a successor for Dr. Clamptit. The board needs a member with business ability, an interest in the schools and a willingness to act for what he considers the welfare of the schools without regard to personal alignments.

WILL SHOW FILMS OF ANTI-TUBERCULOSIS WORK

Local Society Will Give Free Entertainment at Scott's Next Thursday—Dr. Norbury Will Speak.

To bring before the people of Jacksonville as concretely as practicable the fight against the great white plague, the Morgan County Anti-Tuberculosis league has arranged for a lecture, accompanied by motion picture illustrations next Thursday by the state alienist, Dr. Frank P. Norbury. There will be no admission charged to the two performances Thursday evening nor any collection taken.

Besides the films of anti-tuberculosis work and the lecture by Dr. Norbury, the program will consist of music by local talent and an explanation of the survey of the 20th district by Miss Fulmer. A large number will no doubt be present to see this modern way of presenting the contest against this world-old plague.

ATHLETICS MAKE EVEN BREAK WITH CHICAGO

BROWN RETRIEVES SELF IN SECOND CONTEST.

Collegian Was Hit Hard and Taken Out in Opener—Field Sox to 6 Hits in Twelve Innings in Second Games.

Chicago, July 19.—A twelfth inning rally by Connie Mack's league leaders enabled them to leave Chicago to day with an even break on the series by winning the second game 3 to 1, while the local club took the first 4 to 3.

C. Brown, the Collegian who was hit hard in the opener was taken out, asked Mack for another opportunity to face the White Sox and his request was granted and he retrieved himself by holding the locals to six hits in the twelve innings.

**SCHERER'S SINGLE IN THE
FOURTEENTH WINS FOR DECATUR**

Contest Was a Pitcher's Duel in Which Dyer's Wildness Gave Dubuque Most of Their Runs.

Decatur, Ill., July 19.—It took Decatur five extra innings to defeat Dubuque to day after Dyer forced the tying run across for Dubuque with two out in the ninth. A fast double play in the ninth apparently clinched the game. R. Daringer singled however and Dyer faltered hitting Beatty, walking H. Daringer and hitting Selbert forcing a run over.

In the fourteenth Gorman tripled with one out and Scherer singled scoring the needed run.

It was a pitcher's duel in which Dyer's wildness gave Dubuque most of their runs.

LORD TIED SCORE IN SEVENTH WITH A HOMER.

Nearly Two Thousand Persons From Springfield, Mass., Attend "Marshallville Day" Celebration—Receives Many Presents.

Boston, July 19.—After a home run into the outfield bleachers by Senulte had given Chicago a lead in the sixth inning, Lord of Boston duplicated the feat in the seventh, tying the score, and the locals won out in the eighth on Mann's double and a squeeze play worked by Mann and Meyers. The score was 5 to 4.

Today was known as "Marshallville Day" and nearly 2,000 persons, including the father of Boston's diminutive shortstop and Mayor John A. Dennison came 100 miles from Springfield to see the boy play. Marshallville was presented with a great floral horse shoe, a diamond studded scarf pin, a large silver loving cup, a gold watch and chain and a young live rabbit. "Rabbit" is the player's nickname.

CITIES HAVE RIGHTS TO OWN UTILITIES

BILL GIVING AUTHORITY ONE OF MOST IMPORTANT RECENTLY PASSED.

Broad Powers Are Conferred By Enactment Which is Along Progressive Lines—Should Be Factor in Making Control of Corporations Reasonable.

One of the most important of the measures passed by the last general assembly of Illinois was the bill authorizing cities to acquire, construct, own and to lease or operate public utilities and to provide the means therefor. The instrument was known as senate bill number 538 and it is looked upon as a distinctly progressive piece of legislation which should aid in controlling utility corporations satisfactorily. William N. Haigrove has received the first copy of the law which has reached Jacksonville and as the measure is of such general interest it is given herewith in its entirety. Mr. Haigrove finds that the bill indicates that the local utility franchise ordinances as he prepared them a year ago were in accordance with advanced ideas in utility matters. The traction company seriously objected to a section he presented making possible the purchase of the street railway by the city or by some one else might designate at the expiration of the franchise but such a provision is a part of the new law. The new act is as follows:

Powers Defined.

Section 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly: That any city in this state shall have the power, subject to the provisions of this act, to acquire, construct, own and operate any public utility the product or service of which, or a major portion thereof, is or is to be supplied to the city or its inhabitants, and to contract for, purchase, furnish and sell to private persons or corporations the products or service of such utilities; to lease any such public utility owned by the city to any corporation organized under the laws of this state for the purpose of operating such public utility, for a period not longer than twenty years; to fix the rates and charges for the services rendered by such public utilities; and to make all needful rules and regulations in relation thereto.

Section 2. The term "public utility," when used in this act, means and includes any plant, equipment or property, and any franchise, license or permit, used or to be used for or in connection with the transportation of persons or property or the conveyance of telegraph or telephone messages; or for the production, storage, transmission, sale, delivery, or furnishing of cold, heat, light, power, or for the conveyance of oil or gas by pipe line; or for the storage or warehousing of goods; or for the conduct of the business of a wharfinger.

Section 3. No city shall proceed to acquire or construct any public utility under the provisions of this act until an ordinance of the city council providing therefor has been duly passed and submitted to the electors of such city and approved by a majority of those voting thereon. Such ordinance shall set forth the action proposed, shall describe the plant, equipment and property proposed to be acquired or constructed, and shall provide for the issue of bonds, mortgage certificates, or special assessment bonds, as hereinafter authorized.

People Must Vote.

Section 4. No city shall itself proceed to operate any such public utility for the use or benefit of private consumers or users, for hire or charge for such consumption or use, unless the proposition to operate shall first have been submitted to the electors of the city as a separate proposition and approved by a majority of those voting thereon; but any city may, without such submission and approval, sell electricity for heat, light or power within or without the limits of the city, generated from any electric lighting plant owned and operated by the city for the city's own use, and may without such submission and approval sell water within and without the city from any water plant owned and operated by the city. Provided, that the act of any city or village which has heretofore constructed, maintained, operated, controlled or leased any public utility and furnished and sold the product or service thereof for private use is hereby declared to be legal and valid, anything in any law of the state to the contrary notwithstanding.

Section 5. No ordinance authorizing the lease of any public utility owned by a city for a longer period than five years, nor any ordinance renewing any such lease shall go into effect until the expiration of sixty days from and after its passage. If, within such sixty days, there is filed with the city clerk of such city a petition signed by qualified electors of the city equal to five per cent of the votes cast at the last preceding municipal election for mayor in such city, asking that such ordinance be submitted to popular vote, then such ordinance not go into effect unless the question of the adoption of such ordinance shall first be submitted to the electors of such city and approved by a majority of those voting thereon.

Section 6. It shall be lawful for any city to incorporate in any franchise, license or permit to a public utility company reservation of the right in the part of the city to take over all or any part of the property, plant or equipment used in the operation of such public utility, at or before the expiration of such grant, upon such terms and conditions as may be provided in the grant, and is shall also be lawful to provide in any such grant that in case such reserved right be not exercised by the city, and it shall grant the right to another person or corporation to operate such utility in the street and parts of streets occupied by its grantee under the former grant, the new grantee shall purchase and take over the property located in such streets, and parts of streets upon the terms which the city might have taken it over.

Section 7. Any city shall have the power to acquire any public utility or any part thereof, authorized or operating in such city under a license, permit or franchise or operating in such city without any license, permit or franchise, by an agreement with such public utility or may proceed to procure the condemnation of the same in the manner provided by law for the taking and condemning of private property for public use.

May Borrow Money.

Section 8. For the purpose of acquiring any such utility or the property necessary or appropriate for the operation thereof or any part thereof, either by purchase, condemnation or construction, any city may borrow money and issue negotiable bonds therefor, pledging the faith and credit of the city, but no such bonds shall be issued unless the proposition to issue the same shall first have been submitted to the electors of such city and approved by a majority of those voting thereon, nor in an amount in excess of the cost to the city of the property for which said bonds are issued and ten per cent of such cost in addition thereto.

Interest Bearing Certificates.
Section 9. For the purpose of acquiring any such public utility or the property necessary or appropriate for the operation thereof, or any part thereof, either by purchase, condemnation or construction, any city may issue and dispose of interest bearing certificates, hereinafter called public certificates, which shall, under no circumstances, be or become an obligation or liability of the city or payable out of any general fund thereof, but shall be payable solely out of the revenues or income to be derived from the public utility property for the acquisition of which they were issued. Such certificates shall not be issued and secured on any public utility property in an amount in excess of the cost to the city of such property as hereinafter provided, and ten (10) per cent of such cost in addition thereto. In order to secure the payment of any such public utility certificates and the interest thereon, the city may convey by way of mortgage or deed of trust, any or all of the public property acquired or to be acquired through the issue thereof; which mortgage or deed of trust shall be executed in such manner as may be directed by law for the acknowledgment and recording of mortgages of real estate, and may contain such provisions and conditions not in conflict with the provisions of this act as may be deemed necessary to secure the payment of the public utility certificates described therein. Any such mortgage or deed of trust may carry the grant of a privilege or right to maintain and operate the public utility property covered thereby, for a period not exceeding twenty (20) years from and after the date such property may come into the possession of any person or corporation securing the same as the result of foreclosure proceedings; which privilege or right may fix the rates or charges which the person or corporation securing the same as the result of foreclosure proceedings shall be entitled to charge in the operation of said property for a period not exceeding twenty (20) years. Whenever and as often as default shall be made in the payment of any public utility certificates issued and secured by mortgage or deed of trust, as aforesaid, or in the payment of the interest thereon when due, and any such default shall have continued for the space of twelve (12) months after notice thereof has been given to the mayor and comptroller, it shall be lawful for any such mortgagee or trustee, upon the request of the holder or holders of a majority in amount of the certificates issued and outstanding under such mortgage or deed of trust, to declare the whole of the principal of all such certificates as may be outstanding, to be at once due and payable, and to proceed to foreclose such mortgage or deed of trust in any court of competent jurisdiction. At a foreclosure sale, the mortgagee or the holders of such certificates may become the purchaser or purchasers of the property and the rights and privileges

Need a Little MONEY?

Could you use \$25.00 or \$50.00 to good advantage? Do you want it right away? Most everybody will sometimes run short of ready cash. Where do you go and what do you do in such cases? Of course you have your friends, but asking them is an imposition on friendship, that's a business proposition besides you've tipped off your financial condition. Our business is meeting the wants of the people who wish to be independent in this respect, and have no bank credit, yet are entitled to same consideration as those who have.

Key to Money Question Solved

We will loan you any amount from \$5.00 to \$100.00 and give you from one month to one year in which to pay it back, either in weekly or monthly installments. Our terms are in reach of all, our rates are the best, and our payments easy. It is our desire to arrange all matters to suit the borrower, and it will pay you to investigate our proposition. All we ask for security is a lien on your furniture, piano or live stock or other personal property which are not removed from your possession nor disturbed in any way.

Is Guaranteed

in every respect. Our four years' business dealings with hundreds of people in Jacksonville has established for us a reputation for fair and honest treatment. We have helped others and are ready to help you. Our transactions are all arranged privately and confidentially. Our security is not asked for the purpose of getting the property, but to protect us against loss. If we could figure in advance that we would have to take the property we would positively not make the loan. We could better explain details if you could call and let us have a personal interview, or phone us and our agent will call at your home. If you owe a number of small bills that are annoying you, or if your salary does not permit you paying them as fast as you would like, or your creditors have asked for a settlement, borrow the money from us and pay them all up and get all your accounts in one place and have one place to pay. It is not a complicated or difficult matter to get money of us, and you will find us pleasant to deal with. Call, phone or write.

CITIES HAVE RIGHTS TO OWN UTILITIES

(Continued from Page 9.)

and shall thereupon be vested with the absolute title, in fee simple, to the lands so reclaimed; and for any of the purposes aforesaid the city may acquire, by purchase, condemnation or otherwise, the title of the private or public owners, if any there be, to lands lying beneath such public waters and to any lands penetrating into or abutting on such public waters and also the riparian or other rights, if any there be, of the owners of the shore lands abutting on such public waters or on over such public waters or the submerged lands under such waters. Nothing

herein contained shall give to any city the right to acquire submerged lands as against any park board where any grant has heretofore been made of such submerged lands to any such park board and been acted upon by such board.

Section 12. The charges fixed for the service rendered by it by means of any such public utility by any city shall be high enough to produce a revenue sufficient to bear all cost of maintenance and operation and to meet interest charges on bonds and certificates issued on account thereof, and to permit the accumulation of a surplus or sinking fund that shall be sufficient to meet all outstanding bonds or certificates at maturity.

Section 13. Any city, when owning any such public utility, shall keep the accounts for such public utility distinct from other city accounts and in such manner as to show the true and complete financial results of such city ownership or ownerships and operation, as the case may be. Such accounts shall be so kept as to show the actual cost to such city of the public utility owned; all costs of maintenance, extension and improvement; all operating expenses of every description, in case of such city operation; the amounts set aside for sinking fund purposes; if water or other service shall be furnished for the use of such public utility without charge; the accounts shall show, as nearly as possible the value of such service, and also the value of such similar service rendered by the public utility to any other city department without charge; such accounts shall also show reasonable allowances for interest, depreciation and insurance, and also estimates of amount of taxes that would be chargeable against such property if owned by private corporation. The city council shall cause to be printed annually for public distribution, a report showing the financial results in form as aforesaid, of such city ownership or ownerships and operation. The accounts of such public utility, kept as aforesaid, shall be examined once each year by an expert accountant who shall report to the city council the results of his examination. Such expert accountant shall be selected in such manner as the city council may direct, and he shall receive for his services such compensation, to be paid out of the income or revenues from such public utility, as the city may prescribe.

Section 14. This Act shall be deemed and construed to confer powers in addition to but not limiting those now existing.

Section 15. Whenever the word "city" is used in this Act it shall be construed to include a city, a village or an incorporated town.

WOULD PREVENT DIVORCE.

Canton, Ohio, July 19.—The holy Canton, Ohio, July 19.—The holy only bond that joins Miss Elizabeth Boldi of Canton, and Casian Bartt, of Youngstown, when they are wed tomorrow. To insure the wedded bliss of the young couple an iron clad agreement, backed by \$700 cash, has been put up by the fathers of the prospective bride and bridegroom. The young people themselves have no doubt that their marriage will prove a happy one. They have sworn eternal love to one another and declare that the agreement and bonds are entirely superfluous, but the old folks, noting the increase of the divorce evil, decided to do all they could in a legal way to make the marriage stick so tight that it can never become unknotted. By the terms of the agreement the bridegroom's father promises that his son will never loaf, gamble, drink, play pool or dance with any young woman other than his wife. The bride's father, on the other hand, promises that his daughter will make her husband a model wife, will not gossip, run around with other men and will cook to the husband's satisfaction. A forfeiture of the \$700 bond is to follow a violation of the promises made by either side.

GRAND CIRCUIT GET AWAY DAY PRESENTS VALUABLE CARD

With Only Two Racing Days at Pittsburg All Stake Events Were Crowded Into Saturday's Program.

Pittsburg, Pa., July 19.—Get-away day for the Grand circuit meet here to day presented one of the most valuable cards ever presented on a Grand circuit track. With only two racing days in the entire week, all the stake races were crowded in to day's programme and only stake races were run, with purses aggregating \$19,000 to the winners.

The hottest contested race that horsemen have witnessed in some time was the Pennsylvania stakes for 2:10 trotters which went to six heats and the money had to be divided because a decisive heat could not be run off before sundown, the Grand circuit rule being that no heat may be run after sun down.

Results:

2:07 trot, \$3,000.
The Duquesne.
Cascade, (Rodney) 1 8 1
Robert Milroy 2 1 2
Ruth McGregor 3 2 3
Best time—2:07 1/2.

The Keystone Stake. For three year old trotters, \$3,000.
Peter Johnston, (Cox) 1 1

PHILLIES TAKE LONG GAME

Defeat Cincinnati in Sixteen Innings By Score of 3 to 2.

Philadelphia, July 19.—In the longest championship game here this season, Philadelphia defeated Cincinnati today in the sixteenth inning by 3 to 2.

The home team took the lead in the seventeenth when they put one man over and got another in the thirteenth after Cincinnati had tied the score. With one out in the sixteenth Dolan received a base on balls and scored on Killifer's two bagger to right.

Score: R. H. E.
Cincinnati— 000 000 001 000 100 0—2 8 2
Philadelphia— 000 000 100 000 100 1—3 13 3

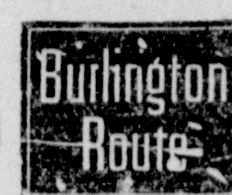

Batteries—Johnson, Ames and Kling; Brennan and Killifer.

Makes Every Gasoline Motor Worth While

Polarine

Polarine starts to lubricate at the first turn of the motor—even in winter, after standing for hours at a temperature of zero. It maintains the correct lubricating body at any motor speed or heat, on the hottest summer day.

It penetrates to every part and gives it full protection. It keeps friction at the no-wear point and thus obviates many costly repairs.

And it serves in any type of motor—motor cars, motor boats, motor trucks.

Don't spoil a good motor with poor oil. And don't judge motor oil by appearance. The poorest oils may look as good as the best.

Polarine is made by the World's Oil Specialists after fifty years' experience with every kind of friction problem. Present day possibilities do not permit of the making of any better oil. All our vast facilities and resources are concentrated on Polarine.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
perseverance, which finally secured for
him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

IMPORTANT STOCKS FALL TO LOWER LEVEL

WAS WHAT TRADERS CALLED NATURAL REACTION.

Speculators Took Profits on Long
Stock—In Spite of Movement
Market Showed no Appearance of
Weakness.

(By Associated Press)

New York, July 19.—The more
important speculative stocks fell
back today from the higher level
reached yesterday. It was what
traders called a natural reaction
such as is the usual aftermath of an
important movement. Speculators
took profits on long stock and the
effect of this selling was increased
by renewed short offerings. Steel,
Amalgamated, the Harriman stocks
and Canadian Pacific fell back about
1 point each. In spite of this move-
ment the market showed no appear-
ance of weakness. Most of the
standard investment stocks held
their gains. New Haven again moved
widely this time advancing two
points.

The bank statement failed to
make as good a showing as had been
predicted. Instead of the cash gain
forecast the actual table disclosed a
loss of more than \$600,000. More
time money was being offered today
and ninety day funds were official.
Commercial dullness in Germany was
reflected in easier time money in
the Berlin market, where ninety day
loans were quoted at 4 1/2 per cent.

Should this condition continue,
considerable German money may be
offered here it was thought at more
attractive rates than those prevail-
ing in this market.

FIFTY MORE PERSONS WILL PROVIDE A SPECIAL TRAIN FROM JACKSONVILLE TO THE GRIFFIN FAIR.

Much enthusiasm has been shown over the prospective trip to the Griffin fair on next Thursday. Since the announcement yesterday, the band is certain to go and at least twenty-five others have signified their willingness to go along. If fifty more citizens will give it their support the entire booster trip can be made by special train.

We must know definitely by Tuesday noon the number of guarantors. Every citizen who contemplates attending the biggest day of the fair, on which Jacksonville horses will appear on the track notify the secretary sometime tomorrow.

This will afford an excellent opportunity to renew old acquaintances, enjoy a good outing and at the same time advertise Jacksonville and her educational festival.

OUR BUSINESS MEN WON'T GO BY AUTO THIS TIME.

Of course there will be many that will prefer to go by automobile, but let preference be set aside and go with the band and the crowd by train. Extensive booster trips will later be arranged by automobile, which will prove as attractive as they have in the past, but nothing like this one can be undertaken again for some time. Hannibal is sending a large delegation by special train and Jacksonville is going to do the same.

Call 655 on either phone and make your reservation which will assure the success of the trip, even if you find you cannot go. Don't wait un-

til the last minute to see if you can afford to go.

Advertising This Year's Festival.

Not a stone is being left unturned in the advertising of the this year's festival far and near. Few cities in this portion of the middle west can promote such events which surpass us with their programs. People living in other cities are going to visit us if we reciprocate and visit them.

Handing a friend a program counts for more than shipping out literature in all directions to be distributed by some advertising agency or railroad.

Program Will Be Explained.

Some interesting speaker and Mr. Shaw will explain the fine points of our program and a novel stunt will be used for distributing them among the crowds.

The Band, the Parade and Crowd. Few cities can boast of a better band than our own Jeffries concert band, and there should be no citizens who would not do all he could to have them advertise Jacksonville, as they can on such an occasion. A few individuals going without a streamer, pennant, or parade will cause no excitement, but with Jeffries band everything else will follow. Can we count for you being in the crowd?

Excuses Are Easy to Find.

With the right kind of spirit and the willingness to boost our town and festival, the warm weather and the absence of a few employees taking their vacation will not keep us at home. "Business will be quiet, because everybody has gone to the fair."

Meeting of the Booster Club.

The Booster club will meet tomorrow evening in the Chamber of Commerce offices to lay out a complete program for the trip. Every member is requested to be present, particularly those who have been irregular in the past. Let us talk now for Griffinville on Thursday.

The Guarantors' Tickets.

In another place in today's paper will be found a statement concerning the guarantors' ticket. Recently notices have been sent out requesting that all parties who signed up for tickets last year remit for same at \$2.00 per ticket to some member of the committee.

Mr. Chas. Knollenberg, chairman of the committee has the tickets ready for distribution. Guarantors can greatly facilitate matters if they will help the committee to the extent of sending for them. The demand for the car ticket should be so great that no person would think of cutting the price of them. If a ticket which entitles the owner to hear a program costing over three thousand dollars for \$2.00, while single admissions would cost \$9.00 for the ten days, that ticket is not worth a cent and had better be thrown away.

The tickets this year are made non-transferable so the guarantor ticket will be scarce enough before the opening of this year's festival.

"WAR" AGAIN IN SHENANDOAH.

Washington, July 19.—The famous Shenandoah Valley, where "Phil" Sheridan made his historic ride fifty years ago, is about to hear again the song of bugle, the galloping of horses, the clink of carbines and the boom of cannon. Several regiments of cavalry from Fort Ethan Allen, Vt., and Fort Oglethorpe, Ga., and squadrons of field artillery from Fort Myer, Va., and Fort Riley, Kas., have arrived in the valley, preparatory to beginning the maneuvers decided upon some time ago by the war department. For the next two months the soldiers will maneuver and "fight" over the roads, hills and fields near Winchester that figured in great cavalry battles in the civil war.

High officers of the army and officials of the war department attach great interest to the maneuvers. The necessity for a rehabilitation of the cavalry was disclosed when the general staff some time ago made ambitious plans for the reorganization of the army so as to prepare it for the defense of the country against attack by a great military power. This resulted in the sending to Europe last year of a board of six cavalry officers who studied the cavalry organizations of the five leading military powers of Europe. Four months were spent abroad by these officers and after their return they prepared plans for radical changes in the organization and use of cavalry of the American army.

These plans were carefully considered by the general staff and it was decided that before adopting them they should be submitted to a practical test. Secretary Garrison therefore authorized the gathering in the Shenandoah for the trial. The tests will take place under the direction of Colonel C. H. Murray of the Twelfth cavalry. Secretary Garrison the members of the general staff and numerous other officers of the army are expected to be frequent spectators at the maneuvers during the remainder of the summer and early fall.

ADMINISTRATOR'S NOTICE.

BRYAN LEAVES FOR LECTURE TOUR.

Washington, July 19.—Secretary of State Bryan left the capital today to fill a series of lecture engagements contracted before he accepted a seat in President Wilson's cabinet. He will be absent six weeks, during which time he will address numerous Chautauqua assemblies in Indiana, Illinois, Iowa and other states of the middle west. In his absence John Bassett Moore, counselor of the department, will be acting secretary of state.

STOMACH SUFFERERS

MAYR'S Wonderful Stomach Remedy is Recommended and Praised by Thousands Who Have Been Restored.

"I was a sick man for about 3 months caused from Gall Stones of the Liver and was told by three physicians that I would have to submit to an operation to get relief, but heard of your Wonderful Stomach Remedy and secured a full treatment and took it according to directions and passed hundreds of Gall Stones. Since taking your medicine I work regularly and don't feel any ill effects. I am praising your Remedy to all my friends. I think it's worthy of the highest praise. R. L. DOOLEY, ROANOK, VA."

Sufferers of Stomach, Liver and Intestinal Affections are not asked to take MAYR'S WONDERFUL STOMACH REMEDY for weeks and months before they feel benefited. Just try one dose—which should make you feel better in health, convince you that you will soon be well and strong, free you from pain and suffering and give you a sound and healthy Stomach, as it has done in thousands of other cases. Wherever it is taken you will hear nothing but the highest praise. Go to your druggist—ask him about the great results it has been accomplishing in cases of people he knows or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for a free book on Stomach Affections and many grateful letters from people who have been restored.

For sale in Jacksonville by Armstrong's Drug Store, southwest corner square.

HAVE STARTED WORK ON
DIAMOND AT NICHOLS PARKEagles Baseball Club Active in
Furthering Project — Team Will
Play Franklin Today.

The Eagles baseball club has been very busy the past two weeks soliciting funds for their ball park which will be located on the southwest corner of Nichols park. This portion of the park has heretofore been a blank and the ball "yard" will certainly make an excellent improvement.

Simeon Fernandes who has the contract for making the diamond had twelve men and two teams working Saturday and expects to have the playing field in condition by Monday evening. Joseph DeGouveia has the contract for building the grandstand and will start work Monday. The grandstand will be 96 feet long and will seat from 350 to 400 people.

Much credit is due Howard Woodman, Thomas Abell and Alfred McCollister who have been busy soliciting the merchants, who have certainly responded in a liberal manner. Jacksonville should have baseball and all the boys need is a little encouragement and they will give "The Athens of the West" some good baseball. It is proposed to have the opening game Sunday, July 27th, with some strong out of town team.

The Eagles club will play the last out of town game today at Franklin with the following line-up:

ADVERTISING GRIGGSVILLE FAIR
A J. Pratt came to the city Saturday advertising the Griggsville fair, which commences Monday. They have made many improvements there and the track is fine. Roads through Valley City are very good and will attract many automobilists from here.

Mr. Pratt was a guest last night at the home of C. H. Ward and today Miss Florence Ward, Miss Rose Bellatti, Mr. Ward and Mr. Pratt will go to Griggsville in Miss Ward's new Packard car. They will be dinner guests at Mr. Pratt's home and will then drive to various Pike county points.

Big dance Wednesday eve., Nichols park. Union music, O. H. Spaulding.

LICENSED TO WED.
Harry P. Obermeyer and Gertrude Newman Given Permit.

A despatch to the Journal from Chicago last night stated that a marriage license had been issued to Harry P. Obermeyer of Jacksonville and Miss Gertrude Newman of Chicago. It is presumed that the young folks were married some time Saturday at the home of the bride's mother, Mrs. Jennie Newman of Indiana avenue. Mrs. Obermeyer and daughter, Miss Helen, have been in Chicago several days, having left here for the purpose of attending the ceremony. It is expected that the young people will arrive home the first of the week.

AUTOMOBILE NOTES.

In many places the question of whether Calcium Chloride, which has been used extensively on streets in Springfield and Bloomington is detrimental to automobile tires has been discussed. Dr. A. W. Homberger, a former professor of chemistry in Illinois college but now of the faculty of Wesleyan university has made the statement that the use of the fluid will not effect the wear of automobile tires. When the preparation is used on the streets it acts as two fold purpose, that of keeping the dust from flying and killing disease germs in the dust. When it gets so dry it begins to draw water from the atmosphere as it has an affinity for water. At the Indianapolis and Elgin races calcium chloride was placed in the race course several times a day. If it were injurious to the tires it is evident that it would not have been used in these places.

Automobilists have been complaining of the bad condition of the Springfield road to the Sangamon county line. The road is crowded too high and is quite rough. From the Springfield line on into the Capital City the thoroughfare is in good condition. The roads from Jacksonville to Big Sandy are not in the best of shape and a drag would be a great benefit. Some precautions have been taken by those putting in bridges to have lights of warning placed at either end of the bridge. There are still some places, however, in the county that should be protected. There is a bad ditch on the road from here to Franklin and only a stick in the trench gives warning of the place. If one machine should attempt to pass another at this point it would mean a bad accident, and if it should be a vehicle, it would mean a broken leg to a horse and perhaps a fatal fall to the occupants of the rig.

From the Kansas City Journal.
"You are charged with going forty miles an hour" said the rural justice, "and you are fined \$40."
"Judge," said the motorist, "I have only got \$2.00."

"Well, you've got a nerve going forty miles an hour on a reserve fund of \$2.00. Hand me that money"

Dr. J. A. Ogram took his machine from the O'Donnell garage where it has been undergoing repairs. He owns a Maxwell.

Dr. G. O. Webster and family were in the city yesterday in their new White 30.

Mr. and Mrs. Edward Leach and family of Scott county were visitors in the city Saturday. Mr. Leach resides near the Point Pleasant school house and to defile the dust he procured considerable oil and sprinkled the roads in front of his premises, which has proved a great benefit.

Visitors in the city yesterday and the cars they were driving included. James Mahon, Sinclair, Oakland. Dr. H. C. Fortune, Literberry, Maxwell.

SOCIAL EVENTS.

Miss Geraldine Sieber of 730 Hardin avenue, gave a sewing Friday afternoon in honor of her cousin, Miss Helen Irving of Rawlins, Wyoming. The house was decorated in pink and white and the hours from 3 till 6 were greatly enjoyed by the twenty five guests present. During the afternoon Miss Jeanette Taylor and Miss Sue Fox gave readings and Miss Jess Rottger sang. Delicious refreshments were served and in every way the afternoon was pleasantly spent.

Mrs. Jessie Johnson of Barry is here to visit her sister, Mrs. C. E. Delaplain at Our Saviors hospital and their brother Dr. McAtee also of Barry will spend to day here.

Miss Josie Dunlap was treated to a pleasant surprise by a company of her friends Saturday evening at her residence north of Alexander. The occasion, which was in honor of the birthday of Miss Dunlap was highly enjoyed by the group of young people of the neighborhood present.

"Uncle John" Rees, who resides at the home of Er Cox, southwest of Franklin, celebrated his 81st birthday Friday over 60 being present to extend congratulations. A sumptuous dinner was served at the noon hour and the afternoon was spent in a social manner. Mr. Rees thought at one time he would move to California but now believes Illinois is good enough for him. Besides his wife there are four children in the family, Clarence and Sterling of California, Marshall of Durbin neighborhood and Mrs. John Staff of Jacksonville.

RETURN FROM CONVENTION.

L. B. Turner, J. Kellogg, Charles Godfrey and B. C. Lair were among the early arrivals of those who attended the biennial session of the Imperial Palace Dramatic Order of Khorassan. They voiced the sentiment, which has already been expressed that the Jacksonville team should have won first place in the competitive drill. Los Angeles, won out, not because of their ability but because they took to Minneapolis a special train which had been provided by the Los Angeles Chamber of Commerce at an expenditure of \$10,000. They brought with them enough oranges to feed the entire city and they gave them away. They also had innumerable costly badges and other souvenirs which they gave gratis.

A record breaking crowd will be at the driving park grounds Thursday, July 31. Biggest races of the year.

IMPRESSIVE SERVICES HELD FOR MRS. MARY LURTON

Last Sad Rites Conducted For Pioneer of Community—Tribute Paid By Rev. Hy S. Alkire.

Impressive funeral services were conducted Saturday morning at 9 o'clock for Mrs. Mary Lurton, at the home of her son, Benjamin Lurton, east of the city. There was a large gathering of neighbors and friends to pay a last tribute of respect to one who had lived so long in the community.

The services were in charge of Rev. Hy Alkire, pastor of Brooklyn M. E. church. Music was furnished by Mrs. Lucy Kolp, Miss Clara Ranson and T. H. Rapp. The many beautiful flowers were cared for by Mrs. W. D. Doying, Miss Irma and Etta Black.

Interment was made in Diamond Grove cemetery and the bearers were Messrs. C. L. Reid, P. M. Morton, T. H. Rapp, F. J. Garland, W. W. Bibb and James Starr.

Rev. Mr. Alkire based his remarks from the story of where Christ was rearing at his friend's house when a woman of the street came in and fell down and worshipped the Master and wiped his feet with the hair of her head. The disciples rebuked her and Christ said let her alone "she has done what she could." In speaking of Mrs. Lurton the pastor said: "Her mother was born in 1773 and her father in 1776, the latter being a minister in the early day associated with James B. Finney, Peter Cartwright and other noted Methodist ministers of pioneer days. Mr. and Mrs. Strubling made the trip from Lexington, Ky., via the prairie schooner and ox cart, crossing the mountains, fording the Ohio river and following the silver stream of Illinois until the Mauvalsterre was reached, finding a home in the center of a cluster of cabins about opposite where the Pacific hotel is now located.

As a daughter she was dutiful. At the age of 20 she gave her heart to James H. Lurton as a wife. She was a loving mother and nine children came to bless the home and they with many neighbors and friends rise up and call her blessed for her heart has ever beat in sympathy with the sufferings of her fellowmen. As a Christian, early in her girlhood she gave her heart to Christ and the M. E. church and for more than three quarters of a century she was true to her church vows. She has seen marvelous changes in the nearly century of her life and with her going perishes much valuable history, that stretches across the closing year of the 17th century, the 18th century and 13 years of the 19th century. She is another of the fast crumbling walls of the once pioneer builders that stood for our frugal forefathers. I will say in closing:

Life's work well done.

Life's race well run.

Life's crown well won

Now comes Rest.

Schwerdfager.
Word was received by E. O. Mayer Saturday of the death of his cousin, Mrs. Anna Schwerdfager at her home in Jefferson City, Mo. Mrs. Schwerdfager visited here a few years ago and made many friends. She is survived by a son, mother, sister and brother. Mr. Mayer left last night for Jefferson City to attend the funeral.

Bleaksley.
Stephen Gorham has received information of the death of James Bleaksley at Big Horn Basin, Wyoming. The deceased formerly lived in Morgan county but went to the northwest about ten years ago. The family lived near Chapin and while here and later in Wyoming Mr. Bleaksley was engaged in farming. He was about fifty years of age and is survived by his wife, one son and one daughter. Mrs. Bleaksley before her marriage was Miss Jennie Rawlings and she is a niece of Mrs. Gorham. The deceased was highly esteemed by all who knew him and many Morgan county residents will regret to know of his death.
